Quick Start Guide

Copying from Internal Hard Drive to Disc (with Optional HDD)

1. Power on the system by pressing the round button at the bottom right of the front of the unit. This unit will run through a self-test, displayed on the LCD screen.

   Power On ..15

2. Once the self-test procedure is completed, the COPY Mode will display on the LCD screen. Ensure that the duplicator is in the Disc to Disc mode. Consult the manual for further detail on how to change to Disc to Disc Mode.

   Copy <mode

3. To load a CD/DVD into a Hard Drive Partition, press the MODE button a few times until the LCD screen reads Load.

   Load <mode

4. Insert the source disc into the top drive. The duplicator will scan the disc and begin to load it onto the hard drive partition for duplication later. The LCD screen will display numbers counting up as it loads.

   Load                  AA691M78:41
   L0620+00           0X32      0: 16
   Load

5. Once the load is completed, the LCD will flash between Load and Pass. It will also eject the master CD/DVD. Remove the CD/DVD disc from the drive.

   Pass                  AA691M78:41L0691+00           0X44      2: 33
   Load                  AA691M78:41

6. To begin the duplication process, press the MODE button a few times until you get back to the Copy Mode. The HDD partition AA is now ready to be copied.

   Copy                    691M78:41
   C0005+32    32X32     0:40
   Copy

7. The duplication process will start and the LCD will display the copying progress and speed.

   Copy 691M78:41
   7start >

   Copy 691M78:41
   7start >

8. Once the duplication process is completed, the system will eject the discs that have been copied correctly. The LCD will display the number of copies that have PASSED and FAILED. Remove the discs and discard the failed discs.

   PASS 7      NG   0    TOK  7

9. For more copies of the same CD/DVD, repeat steps 4 through 6. For new CD/DVD, repeat steps 3 through 6.

   Copy                    691M78:41
   C0005+32    32X32     0:40
   Copy

Switching Duplication Modes (with Optional HDD)

1. To switch the system between Disc-to-Disc and HDD-to-Disc modes, press and hold the MODE button for 5 seconds. A chirping sound will be heard. Release the MODE button and the display will change to indicate that it is in the Setup Mode.

   Setup <mode

2. Press the GO button and the LCD will display CD to CD. Press MODE button to toggle between Yes and No. Yes: Disc to Disc Mode No: HDD to Disc Mode

   CD to CD [*] No [Q]

3. Press GO button and the system will take you back to the Copy Mode again. If no changes has been made, you will enter the next Setup options. Press GO button several times to get back to Setup Mode again. Then press and hold MODE button to exit the Setup Mode. For more details on how to browse around the menu items, consult the Menu Items section in the menu.
